WHO WE ARE

A stone's throw from Dorset's stunning Jurassic Coast, The Tank Museum holds the world's finest and most historically significant collection of tanks.

For couples seeking something inimitable, The Tank Museum is among the latest and more unique wedding venues in the South.

As a registered charity, all revenue is reinvested back into the Museum, to develop our exhibitions and maintain this unique collection for future generations to enjoy.

WHAT WE OFFER

At The Tank Museum, we believe that every wedding is unique and we therefore have no set packages. Instead, we offer suggestions of how you can use each space and also provide a list of trusted suppliers to assist in designing the day that you desire.

For the purpose of providing inspiration within this brochure, we have included images highlighting a rustic 1940s vintage wedding and a classic contemporary white wedding design to demonstrate how versatile the spaces can be. These designs are not compulsory and our team will be more than pleased to work with you to curate something that is unique to your taste.

Access for suppliers and the wedding party is permitted to hired spaces from 14:00 until 17:00 on the eve of your big day (if you are having your ceremony with us) or from 08:00 on the day itself if we are only hosting the evening reception. This time is allocated for décor set up and a ceremony rehearsal if required.

Whilst the Museum is open daily to the general public from 10:00 until 17:00, your hired areas will be sectioned off from the public, with our staff managing access to ensure exclusivity for your guests. All venue hire quotes within this brochure give you use of the spaces until midnight on your wedding day. Your guests are welcome to explore the Museum within our opening hours prior to your reception.

THE COLD WAR HALL

The biggest space we have for hire, surrounded by a collection of Cold War tanks and situated next to the Battlegroup Afghanistan exhibition is the multi-functional Cold War Hall, which is an ideal space for the larger wedding ceremony or reception.

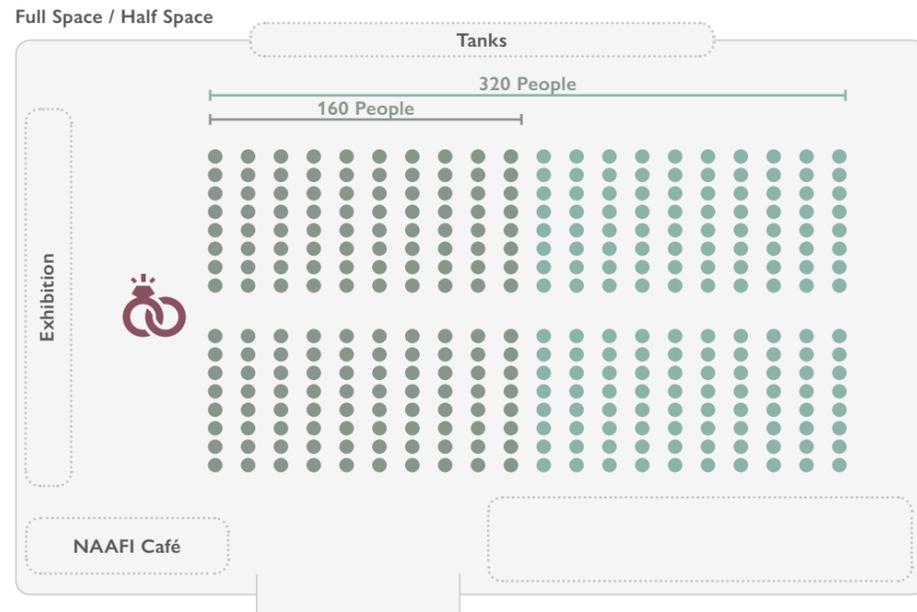

For couples with a smaller wedding guest list, this hall offers an alternative multifunctional use, allowing you to host the ceremony and evening reception in one space.

The Cold War Hall is also home to our NAAFI-themed café and bar which can be incorporated into your package, fully staffed by our in-house team.

OUTDOOR CEREMONIES

With our outdoor area licensed for ceremonies, we also offer an option to marry outside. In a canopy-covered area overlooking our display arena, your wedding party can look on from the gently sloped grass bank as you make your vows.

This space is well covered by our display PA system too, so no one will struggle to hear you say “I do”. We can easily accommodate 1,000 people on this banked area - so capacity restrictions will not be an issue here either.

OTHER SPACES

OPTIONAL EXTRAS

Gifts and Favours

We're aware that if you are having your wedding at the Museum, you may be looking for some unique additions to fit the tank theme. If this is of interest to you, we'd be more than happy to discuss and present options for Tank Museum favours, thank you gifts, branded alcohol or even cufflinks for those wearing a suit on the big day. For inspiration of what you could include, please visit our online shop here: tankmuseumshop.org

Tank Rides

Would you like your guests to enjoy a ride in a tracked vehicle in our arena? Or would they love a guided tour? We will be happy to consider arranging these or any similar requests you may have, subject to availability (...and practicality!)

All of these items are an additional cost and provided on an individual quote basis.

ACCESSIBILITY

Reduced Mobility

There is ample disabled parking on hard standing near to the entrance of the Museum. The majority of the Museum is on a single level, with ramps or lifts providing access to higher floors. Pathways and entrances are broad, and there are several disabled toilets around the Museum. There are wheelchair access points and viewing areas in our arena. There are a limited number of wheelchairs available for use at the Museum, which are allocated on a first-come-first-served basis.

Deaf and Hard of Hearing

There are hearing induction loops on our newer interactives and subtitles on video content. These are also available in our conference suites if requested in advance to your hire.

Autism Spectrum Conditions

The Trench Experience and War Horse to Horsepower exhibition do use sound effects which can trigger sensory overload. The Museum's Special Events and rainy days during the school holidays are both very busy. If you would like to host your wedding at a quieter time, we would recommend either a week day or term-time.

Support Dogs

The Tank Museum welcomes working dogs, including guide dogs, hearing dogs and support dogs. These must be kept on a lead. Please inform the Events Team in advance if support dogs will be required for anyone attending or working your wedding.

GETTING HERE

Road

The Tank Museum is situated in South Dorset, and is clearly signposted from Dorchester, Blandford, Poole, Bere Regis and Wool. The Museum offers extensive, free overnight parking facilities to all guests. If you are parking here overnight, we'll be happy to work with you to plan group transport for both you and your guests.

Our satellite navigation postcode is **BH20 6JG**.

Rail

Dorset benefits from a well-connected rail network link.

The Tank Museum is 2 miles from Wool station, which is on the mainline between London Waterloo and Weymouth, which reaches Southampton, Bournemouth, Poole, Wareham and Dorchester too. For train times, visit the South Western Railway website. There is a local taxi service that can take you to the Museum as an alternative to walking the final part of the journey.

Air

Bovington is within close travelling distance of both Bournemouth and Southampton International Airports via both rail and road.

Sea

Neighbouring locations Bournemouth, Poole and Southampton provide access via ferry from the continent and Channel Islands.

FREQUENTLY ASKED QUESTIONS

Do we need a wedding planner?

Included in the price is a dedicated planner from the Events Team who will liaise with you and your suppliers in the lead up to, during and after the event to ensure it runs as smoothly as possible. Most clients who are actively involved in their own wedding planning feel this is sufficient, however please note that details such as sending invitations, organising seating plans, requesting dietary requirements and RSVPs will not be handled by the Museum.

Who is our main contact for the day?

Your planner will be your lead contact on-site supported by the wider Museum Team dedicated to your wedding.

Who is responsible for clearing up?

All suppliers are responsible for their own clear up. Generally speaking, this must take place between 08:00 and 10:00 the following day but requirements are discussed on a case-by-case basis.

What wines are available?

Our Catering Team have access to a wide variety and will be more than happy to help you select your preferred choice.

Can we have Tank Museum branded beers sold at the bar?

Yes, this is our standard offering for weddings.

Will you accept deliveries on our behalf?

Absolutely. Deliveries must occur between 09:30 and 16:00 any day of the week.

Is the Museum suitable for wheelchair users?

Yes, all areas used for wedding hire are accessible via ramps and have wide walkways. Accessible toilets are also located around the museum.

Can we hire the Museum exclusively all day?

Generally speaking, no. The Museum is primarily there to inform and educate visitors regarding the history of the tank and with that in mind, we aim to be open as many days of the year as possible in order to do this. Please do remember though that your areas are private and the main Museum will close at 17:00 to the general public.

Can we or our wedding party sit in or on a tank and/or any of the Museum's other vehicles for fun or for photos?

There is an opportunity for the happy couple to climb into our Chieftain tank (this must be pre-arranged) and if this of interest, we can discuss this with you.

Do you offer tank rides?

Generally speaking, no. The Museum is keen to preserve the tanks as much as possible and therefore tend to not move the vehicles outside of programming them for arena shows or developing exhibitions.

We do offer limited tank rides during our arena shows (Tanks In Action Crew Days) as advertised online. Exceptions for wedding days may be made should a considerable donation be made to the charity or if the wedding coincides with an arena show. If this is of interest, please notify your planner and they will enquire for you.

Do you supply accommodation?

The Tank Museum does not supply accommodation. However, there are plenty of independent, high-quality B&Bs and campsites near the museum. Furthermore, accommodation can be found in neighbouring towns Wareham and Dorchester as well as Poole, Bournemouth and Weymouth. Your planner will be happy to help you arrange transport where required prior to the day to ensure it's a stress free as possible.

Can I have the kids softplay open at my wedding?

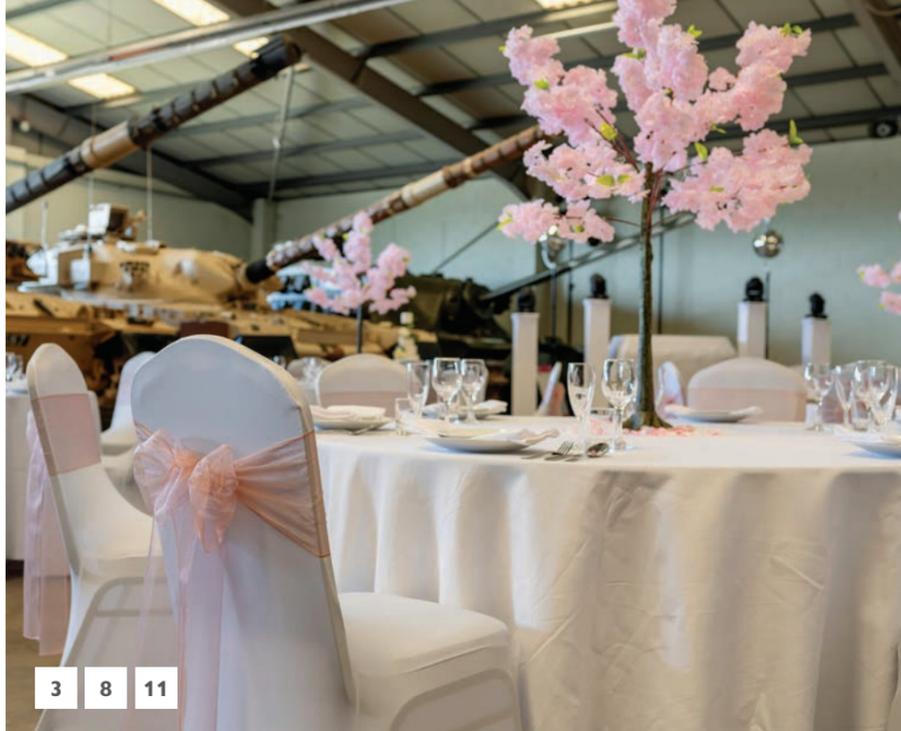

Unfortunately the softplay will be closed for all weddings and private function hire.

Can we use drones or conduct any 'air displays'?

The Tank Museum is surrounded by MOD land and under their guidance, the use of flying objects including drones, sky lanterns and balloon releases is strictly prohibited.

RECOMMENDED SUPPLIERS

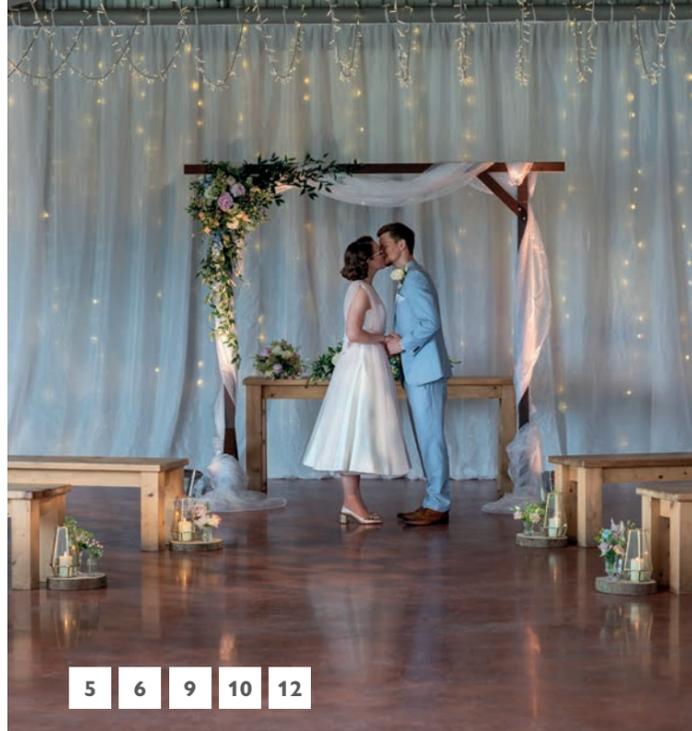

We're pleased to be able to recommend high quality, friendly and personable suppliers that are local to The Tank Museum.
